

Rodríguez-Huerta, Edgar

Rights Lab Senior Research Fellow in Social Sustainability and Complex Systems

Data Science, Sustainability and Supply Chain Mapping | £2.1m in Co-I & PI grant funding | FWCI: 1.42

email: edgar.rodriguezhuerta@nottingham.ac.uk · ORCID: 0000-0002-6887-0040 · LinkedIn: linkedin.com/in/edgar-rodriguez/ · Nottingham, UK

Experience

-
- | | |
|---------------------|--|
| Oct 2024 – present | Rights Lab Senior Research Fellow in Social Sustainability and Complex Systems University of Nottingham, Rights Lab – Nottingham, UK <ul style="list-style-type: none">Quantitative research focused on understanding climate change and decent work interconnections.Supply chain mapping and analysis to generate risk assessments using Social-LCA.Generation of climate change models to explore effect on labour conditions. |
| Dec 2021 – Sep 2024 | Rights Lab Research Fellow and Lead in Social-Ecological Systems Modeling University of Nottingham, Rights Lab – Nottingham, UK <ul style="list-style-type: none">Awarded Global Talent Visa by UK Government with British Academy endorsement |
| Dec 2021 – Sep 2024 | Rights Lab Research Fellow in Sustainable Ecosystems and Society University of Nottingham, Rights Lab – Nottingham, UK |

Industry Experience

-
- | | |
|---------------------|--|
| Jan 2010 – Jan 2013 | Senior Project Developer and Business Intelligence Specialist JLC Corporation – Mérida, México <ul style="list-style-type: none">Managed Business Intelligence and Enterprise Resource Program software, including stakeholder trainingDesigned dashboards and reports for retail, financial and academic sectors. |
|---------------------|--|

Education

-
- | | |
|---------------------|--|
| Sep 2015 – Mar 2020 | Ph.D. in Sustainability Science Universitat Politècnica de Catalunya, Institute for Sustainability Science – Barcelona, Spain <ul style="list-style-type: none">Dissertation: Water Societal Metabolism in Yucatan Peninsula, Mexico. Application of Multi-Scale Integrated Analysis of Societal and Ecosystem Metabolism (MuSI-ASEM) |
|---------------------|--|

- Three peer-reviewed publications as first author
 - Built exploratory tool to analyse effect of climate change in water demand (R, QGIS, Tableau)
- 2013 – 2015 **Master’s degree in Sustainability Science and Technology** Universitat Politècnica de Catalunya, Institute for Sustainability Science – Barcelona, Spain
- 120 ECTS. Grade: 8.9/10. Rank 2/12
 - MSc thesis: Societal Metabolism in the Energy Sector in Catalunya, applying spatial analysis with QGIS
 - Collaborated with multi-cultural and interdisciplinary team
- 2008 – 2009 **Master’s degree in Logistics** Universidad de Zaragoza, Zaragoza Logistics Center – Zaragoza, Spain
- 105 ECTS. Grade: 9.1/10
 - MSc thesis: Methodologies for a Sustainability Balanced Scorecard in the Logistics Sector
 - Professional fellowship program in logistics. Training program in multiple companies
- 2003 – 2008 **Undergraduate degree in Industrial Engineering** Instituto Tecnológico de Mérida – Mérida, México
- Grade: 9.4/10

Grants and Fellowships

2025 – 2026	UK Home Office (Modern Slavery Innovation Fund)
	The GeoAI for Decent Work: Innovating Engagement with Government, Civil Society and Survivors
2024 – 2025	British Academy (ISPF ODA Challenge-Oriented Research Grants)
	Climate Change, Occupational Health, and Decent Work: Worker Vulnerabilities and Response in Brazilian Agriculture
2024 – 2025	UK Home Office (Modern Slavery Innovation Fund)
	Adding value to the GeoAI Platform for Decent Work: A Survivor-Informed Socio-Ecological Assessment
2024 – 2025	Industry collaboration (Retail sector)
	Salient and Evolving Human Rights Risks
2024 – 2025	UK Home Office (Modern Slavery Innovation Fund)
	Using Data Science to Transform India's Brick Kilns

2021 – 2022	British Academy (Just Transitions within Sectors and Industries Globally) Solar Energy, Modern Slavery, and the Just Transition
2021 – 2022	World Wild Fund (USA) The Social and Ecological Impacts of Supply Chains
2014 – 2020	Consejo Nacional de Ciencia y Tecnología (CONACyT - México) PhD and MSc Scholarship
2014 – 2015	Agència de Gestió d'Ajuts Universitaris i de Recerca (AGAUR) MSc Fellowship for Directed Academic Activities

Awards

2025	Distinguished alumni of 2025 in the Industrial Engineering programme Instituto Tecnológico de Mérida
2024	THE Awards – Finalist, Research Project of the Year in Social Sciences Team member of Slavery from Space: Using Satellites for Human Rights and Sustainable Development
2024	University of Nottingham Knowledge Exchange and Impact Awards Team member of Slavery from Space: Using Satellites for Human Rights and Sustainable Development
2008	Chamber of Commerce of Aragon, Spain – Memoria Pilot award Report in Logistics Excellence for large enterprises (La Bella Easo, Zaragoza)

Selected Events and Collaborations

Jul 2025	Conference: II International Congress on Ecological Humanities The Johns Hopkins University - Universitat Pompeu Fabra Public Policy Center – Barcelona, Spain Decent Work and Workers Health nexus in Brazilian agriculture
Jun 2025	Workshop: Just transitions in food, farming and fisheries Ethical Trading Initiative, IIED, BananaLink – London, UK
Apr 2025	Workshop: Addressing Human Trafficking and Forced Labour in the Anthropocene Survivor Alliance, The Human Trafficking Legal Center, The Freedom Fund – Oxford, UK
Sep 2024	Workshop: Visualizing Complexity Science Complexity Science Hub – Vienna, Austria

2022 – 2024	Collaboration: Friedman School of Nutrition Science and Policy at Tufts University Leading A Sustainability Transition in Nutrition Globally (LASTING) Project — Boston, MA, USA
May 2023	Workshop: Decent Fisheries Work in a Changing Climate Stanford University, the King Center and Center for Ocean Solutions — Stanford, CA, USA
Mar 2022	Brown bag sessions U.S. Department of Labor and Tufts University — Washington DC, USA
	How Social Life Cycle Assessment (S-LCA) can help address forced labour
Feb 2021	22nd Ordinary Session of the Yucatan Peninsula Basin Council Consejo de Cuenca de la Península de Yucatán & Ithaca Environmental — Mérida, México
	Invitation to co-design the Regional Water Program 2020-2024 of the Yucatan Peninsula

Teaching

Nov 2021	Data management and visualization for academic research Instituto Tecnológico de Mérida — Mérida, México
	Graduate course
	• Course for MSc students in Regional Development Studies
Jul 2025	Seminar: Sustainability science to tackle forced labour: methods and measurements Universitat Politècnica de Catalunya, Institute for Sustainability Science — Barcelona, Spain
	Seminar

Selected Extra Training

Jun 2025	Research Communication Programme Research Academy University of Nottingham
Apr 2025	MOOC: Partnering for change — Link research to societal challenges Network for Transdisciplinary Research td-net of the Swiss Academies of Arts and Sciences
Feb 2024	Stepping into Leadership 2023/24 — LMA Development Programmes Research Academy University of Nottingham
Oct 2023	MOOC: Analysing/Presenting Data/Information Edward Tufte Course (8h)
Jan 2021	MOOC: Data Science — Statistics and Machine Learning Specialization Coursera Programme (Johns Hopkins University) (133h)
Oct 2020	MOOC: Specialization in Data Science (R Programming) Coursera Programme (Johns Hopkins University) (290h)

Sep 2020	MOOC: Spatial Data Science and Applications Coursera Programme (Yonsei University) (24h)
Aug 2020	MOOC: Systems Thinking in Public Health Coursera Programme (Johns Hopkins University) (20h)
Jul 2020	MOOC: Ecosystem Services — A Method for Sustainable Development Coursera Programme (University of Geneva) (24h)
Jul 2020	MOOC: Sustainability of Social-Ecological Systems — Nexus among Water, Energy, and Food Coursera Programme (Universitat Autònoma de Barcelona) (48h)

Skills

Programming Software	R, SQL (intermediate), Quarto Tableau [Desktop and Prep], Rstudio, QGIS, OpenLCA, Zotero, VosViewer, Xerte (intermediate), Affinity (learning), Observable (learning)
----------------------	--

Languages

Spanish	Native
English	Fluent

Academic Service

Grants and Journals Reviewed	British Academy for Knowledge Frontiers: Just Transition; Journal of Cleaner Production; Energy Policy; Hydrogeology Journal; Joule; Anti-Trafficking Review; Economía Creativa.
Student Supervision	PhD Students: 3 supervised — Topics in Food Systems. MSc Students: 4 supervised — Research in data extraction, and regional development. Support for MSc students from the Technical University of Denmark (DTU) for the project “Sociotechnical dimension of renewable energies” (Apr 2024). BSc Students: 3 supervised — Placement students related to data science projects and just transition.
Societies	Member of The British Academy Career Researcher Network since 2023.
